# SPOT VIDEO™

## BREATHE LIFE INTO YOUR LISTINGS

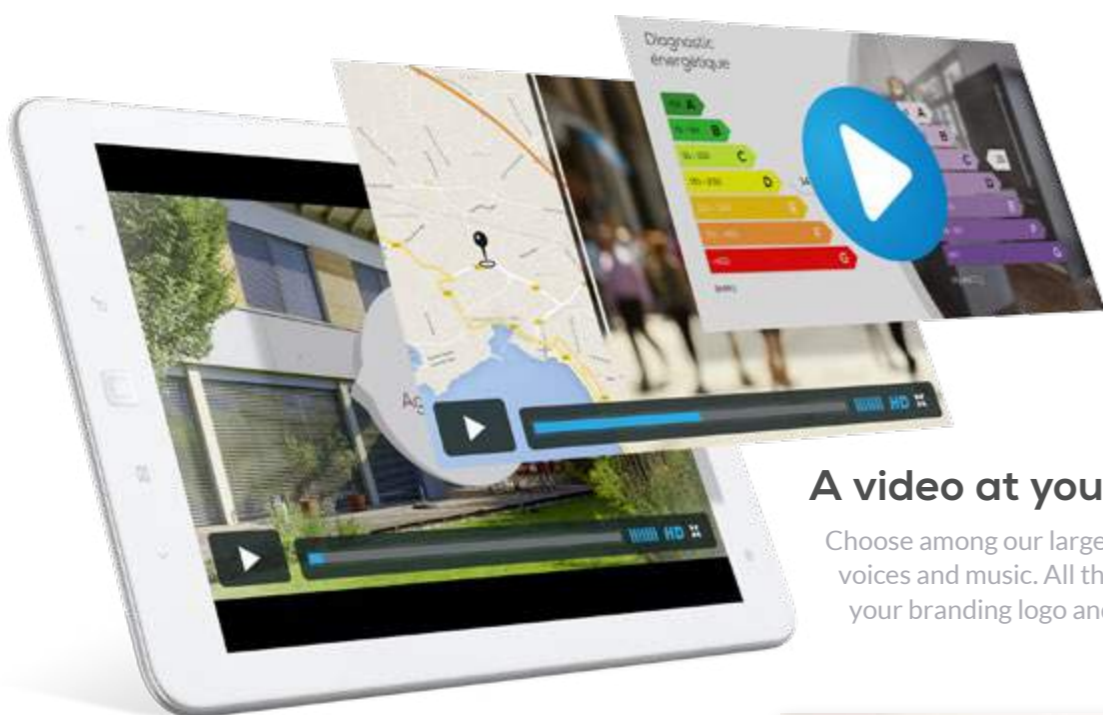

# SPOTVIDEO™

## Transform your listings in videos!

Spotvideo™ automatically converts your real estate listings to videos. More powerful and dynamic than a classic listing, Spotvideo™ highlights your property.

### A video at your image

Choose among our large choice of themes, backgrounds, voices and music. All the videos are customized with your branding logo and your contact details.

### 100% automatic

We create a feed with your software to automatically receive your listings (photos, descriptions...). Creating videos has never been this simple!

### Share your videos!

Your video listings are automatically displayed on your website and portals.

Real estate video listing generate more inquiries so you can make a difference!

### my.Previsite dashboard

From your dashboard, manage your Spotvideo™: change themes, music or the voice.

Also check the detailed statistical reports of all your videos.

# SOCIALCONNECT

## Broadcast your video listings

With the SocialConnect option, your videos are broadcast on your customized social media : Facebook, Twitter, YouTube, Dailymotion and Google+.

### Improve your SEO

Increase your visibility on the internet and the search engines. You generate more traffic and leads.

### We create your professional Facebook page

- Customized professional page
- Integrated search engine for all your listings
- Dedicated applications to animate your page
- Automatic broadcasting of your listings
- News publication tool

# PROPERTY WEBSITE

## Highlight your property!

We create a website exclusively dedicated to your listing. A dedicated property website promotes your property, which increases your prospects that maximize your chances to sell.

You won't miss any opportunity!
